

Design features

- According to EN 545
- Working pressure MOP (PN) 16
- Made of ductile iron, epoxy powder coated
- Flange size according to EN 1092-2 | PN 16
- Standard drilling to EN 1092-2 | PN 10

DN	b	Weight	
50	150	9,30	
65	165	9,70	
80	165	10,50	
100	180	12,90	
125	200	16,50	
150	220	20,50	
200*	260	31,00	
250*	350	50,00	
300	400	70,00	

Double flanged elbows 90°

90° Q piece

No. 8530

* Also available drilled to EN 1092-2 | PN 16
(Please specify on order)

Design features
