

# PRO-CLIP 25mm PIPES

## DATA SHEET

### Product description

New and innovative product from Denmark. Fast, easy and effective mounting of pipes or tubes into walls, without use of any tools. PRO-clip is designed with great attention to simplicity and functionality. Simply attach pipes or tubes to the clip, and push it into the channel in the wall, for great fixation. Plumbers and electricians can both benefit from this product. Once inserted, and if needed, the clip can easily be removed from the channel, only to be used again. The clip holds 25mm pipes or tubes, and two pipes or tubes can easily be mounted at the same time, if needed. Users of this product will experience huge worktime reduction, better working position and easy control of the fixation proceeding.

### Item technical data:

Item no:	1701
Ean no:	5700002035042
Item term:	P25/D24
Color:	Grey
Prepacking:	25 pcs.
Width:	15mm.
Height:	56mm.
Depth:	35mm.
Diameter:	24mm.
Fits Pipe size	25mm./0,984 inches
Halogen free	yes
PVC free	yes
Product link	<a href="http://www.clipsgroup.com">www.clipsgroup.com</a>
EP Patent No.	EP3093541B1

### Recommended setting of channel cutter:

For best use, please use channel cutter with recommended settings.

Width:	33 millimetres
Depth:	40 millimetres

### Easy to use

Simply attach clip to pipe(s) and, push it into channel. No tools required.
