

**TECEfloor design glass door**

Article number: 77352011

Cabinet type: 400

Glass cover: 489 x 566 mm

DU 1: 1 pc.

**Description:**

Design glass door for manifold cabinets flush-mounted. Retrofittable or to replace metal door and frame of the TECEfloor manifold cabinets. Glass front made of 6 mm single-pane safety glass, lightproof with two-fold ceramic screen printed coating, edges seamed and polished, sealing lip on three sides of rear to compensate for smaller wall unevennesses.

The height and width of the glass front overlaps the width of the metal frame by approx. 15 mm, reliably covers wallpaper cuttings or painted edges when retrofitting. The set consists of a glass door and depth-adjustable installation holders with hinge and magnet attachment.

**Sales data:**

Product name: TECEfloor white glass door f. flush-mounted cabinet 400 WxH 489x566 for frame width 460
