

TECEfloor plastic heating circuit manifold connection module with flow rate indicator

Article number: 77390040

Version: 4 heating circuits

a: 302 mm

DU 1: 1 pc.

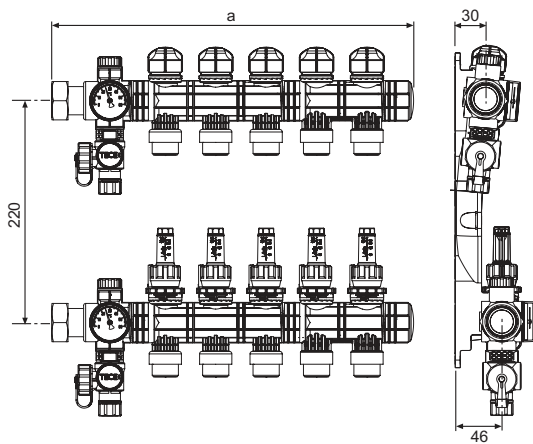

Description:

Connection module with flow rate indicator, modular expandable, heating circuit outlets in 3/4" Eurocone, flow with preconfigurable flow rate indicators up to 3.5 l/min, return with integrated valve cores M 30 x 1.5 mm. SLQ quality-monitored and tested for compatibility, 100 % tested for tightness and function.

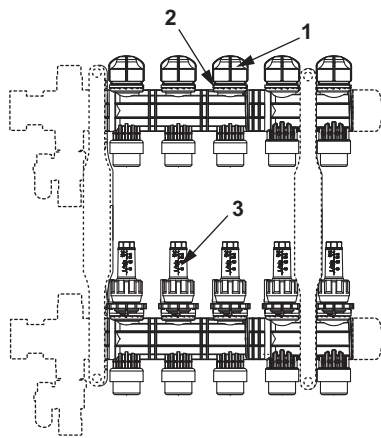

Sales data:

Product name:	TECEfloor plastic HCM 4 connection module with flow rate indicator, can be coupled, seals O-ring
Commodity group:	770
Product group:	1007700030

Dimensional drawings:
