

**TECEfloor SLQ servomotor TA 2.0**

Article number: 77490022

Version: 24 V

DU 1: 1 pc.

DU 2: 8 pc.

Description:

Thermal servomotor, operating mode normally closed (NC), for mounting on the return valves of the TECEfloor SLQ heating circuit manifold. Opened at the factory (first-open function), facilitates easy screwing onto the control valves and filling and flushing the system. The servomotor can be opened again at any time for servicing (re-open function). Protection class IP 54, therefore mountable 360° in any position. Robust union nut connection M 30 x 1.5 mm made of nickel-plated brass, lifting and closing dimension tailored to TECEfloor heating circuit manifolds, connection voltage 24 V/230 V. SLQ quality-monitored and tested for compatibility.

Sales data:

Product name:	TECEfloor SLQ servomotor TA 2.0, 24 V
Commodity group:	770
Product group:	1007700060
